SKILLS

PROGRAMMING
Languages:
• Java • Python • C++ • Dart
• HTML • C

Frameworks:
• Flutter • Django • Firebase
• Git/Github • Android

OS:
• Linux• Windows

Others:
• Figma

COURSES

Object Oriented Programming
Data Structures and Algorithms
Database Management
Computer Networks
Design and Analysis of Algorithms
Flutter Development

EXPERIENCE

GOOGLE DEVELOPER STUDENTS CLUB | GLBITM
Application Development Core Member
Sep 2021 - Sep 2022

- **Mentored** students in **Flutter** application development, helping them to develop skills and confidence in the technology.
- Participated in the planning and execution of club events and workshops, including organizing talks on new technologies and best practices in software development
- Learned new skills and technologies through the club's resources and connection

PROJECTS

AILAAN -CODING CONTEST ALERT | PlayStore

- Developed a cross-platform mobile application using **Flutter**, **Dart**, and **Firebase** to bring information about running and future coding contests schedules from different coding platforms to the user's fingertips.
- The app uses **RealWorld API**, whose data is stored on a **Django** server hosted on **Heroku**. The server uses **web scraping** and public APIs to access data, which is then stored in a **SQLite** database.
- The features included in this app are set reminders and push notifications for any upcoming contest.Used by over 500 people, saving them time.
- **MVVM architecture** has been followed on every step to maintain the separation of concerns between data, UI and utilities

NOTIFYX-COLLEGE OFFICIAL APPLICATION | Source Code

- **Managed Digitization of Online registrations**,Venue/Slot booking. Conducted workload assessment and devised new operational processes that led to a **40% increase in productivity. Flutter, Firebase, Google Drive API**
- Impact- Managed a process re-engineering project to improve and consolidate end-to-end service processes and restructured communication flow among college department, **cut down paperwork by 60%**.

ACHIEVEMENTS

KNIGHT ON LEETCODE TOP 4% WORLDWIDE.
Achieved max Rating of 1881 with over 500+ question solved.

PROBLEM SOLVING
Solved 1000+ problems in online coding platforms

SECURED AIR 8 IN CODING NINJAS CODE COMBAT
